COURSEWORK

Data Structures

Algorithms

OOPS

DBMS

SKILLS

PROGRAMMING

Programming Languages:

• Core Java • C • Python • C++

Front End Web Development :

• HTML • CSS • Javascript • React

Databases:

• MySQL • MongoDB

Other skills:

• Git • github • Data Structures •

Algorithms • NumPy • pandas

EXPERIENCE

SHAPE AI | MERN STACK DEVELOPER

jun 2021 - oct 2021 Mumbai, India

Making projects on different framework and library like **ReactJs**, **nextJs** etc.

Learned more about deployment using **Kubernetes**, **Docker**, **heroku** etc.

Made various project which include a **Online Food Delivery** , **Movie ticket Booking site**, **Digital Resume Building** etc.

PROJECTS

FOOD DELIVERY July 2021 - Oct 2021

Successfully developed a **Food Delivery** website programmed in **JavaScript** programming language using **ReactJs**, **NodeJs**, used **MongoDB** database for the deployment, deployed on **amazon EC2** instance with the help of **CICD** pipelines and **DockerHub** .

Language and Framework Used:

• JavaScript • ReactJs • NodeJs • nginx • travisci • Dockerrun • Kubernetes

TASK MANAGEMENT May 20221 – Jun 2021

Task management it manages the a todo list made by user for his/her day-to-day task.

Users can add subject and the image of that task to be done.
